Thank you John. Unfortunately this is less than our [REDACTED] fund can commit. Pls let me know when you are available to speak by phone to discuss.

Dear [REDACTED]

Thank you for the support you have shown to the Telegram Open Network and for committing to subscribe for Grams in the Pre-Sale.

In response to your interest, we are proposing an allocation of 15 million USD and look forward to completing this subscription with you. Attached you will find a document outlining the process from now until payment and also containing the purchase agreement, along with an updated copy of the primer, technical white paper, and risk factors.

Once again, we thank you for your support. Please feel free to reach out to us if you require any guidance during the remainder of the process.

Regards,  
John
